**Learning MATTERS Intervention Teaching Certification (LMIT)**
12-month specialist intervention certification

Dear <Insert Principal's Name>,

I am interested in enrolling in the Learning MATTERS Intervention Teaching Certification (LMIT), a 12- month specialist certification in evidence based structured literacy intervention. LMIT is developed in Aotearoa New Zealand and accredited PLUS by the International Dyslexia Association, making it an internationally recognised certification aligned to the International Dyslexia Association Knowledge and Practice Standards.

The certification is designed to strengthen specialist capability in Tier 2 Targeted and Tier 3 Tailored literacy intervention, supporting learners who require more than classroom differentiation, including students with persistent reading, spelling and writing difficulties.

Enrolling in LMIT will provide:

- **Specialist diagnostic expertise**
I will deepen my knowledge of assessment and structured intervention planning, enabling more precise identification of learner needs and more effective instructional responses.

- **Explicit intervention capability**
I will strengthen my ability to deliver systematic, cumulative and explicit instruction across foundational literacy and secondary writing demands.

- **Practical application through practicum and coaching**
The certification combines a five-day intensive, structured online modules, practicum and ongoing coaching, ensuring learning is embedded in intervention settings.

- **Improved outcomes for vulnerable learners**
The certification equips me to deliver high quality targeted instruction that accelerates progress for learners requiring additional support.

- **Contribution to schoolwide capability**
I will bring this learning back to our team, strengthening alignment across classroom teaching and intervention systems.

To check the eligibility of this funding please click on the links below:
Year 0 - 6 - Targeted Teaching to support SLA funding
Year 7 - 10 - Targeted SLA with a focus on Writing

Participants may also enrol through private funding at a cost of $3250 + GST.

I am confident this certification would strengthen our school's intervention capability and directly support improved literacy outcomes for our learners.
